

International University of Sarajevo Starts Its Classes on Campus!

The implementation of the teaching process at the International University of Sarajevo in Fall 2021 semester will take place in-class and in hybrid mode (up to a maximum of 30% of the courses). The mode of each course is indicated on its schedule.

When being on Campus, all staff and students must abide by the following procedures:

- Maintain 2-meter physical distance;*
- Avoid large groups;*
- Wear masks;*
- Observe appropriate coughing and sneezing etiquette.*

Those experiencing COVID-19 symptoms must immediately report themselves to the nearest clinic or other health facilities.

All staff and students are urged to put their safety and the safety of their families and fellow colleagues as the main priority at all times in order to minimize the risk of COVID-19 infections among staff and students, and their family members as well as to ensure safe operation of the University.

Campus-wide vaccination is the best defense against the coronavirus. IUS strongly recommends COVID-19 vaccination for all students and staff. University will follow the instructions issued by the Health Insurance Institute of Sarajevo Canton and duly inform on priority vaccination schedules for students.

In case of deterioration of the epidemic situation, the University will act according to the guidelines given by the Cantonal authorities.

We are looking forward to welcoming our students back to Campus.
